### STUDENTS BEGIN COLLECTING BOOKS

Students from Bay High School began a collection of usable books, suitable for the high school library this work in connection with the project "Bring a Christmas dift to the Library" and will contline to collect such books until Christ-

The need of books for the library was discussed at Tuesday night's P. T. A. meeting. Anyone who has books suitable

for this project can bring them to the school or can call Mrs. W. R. Pitcairn or Mrs. Rene de Mon: luzin and they will pick them up: After Christmas a committee of teachers assisted by parents, will sort and catalogue the books.

### **WSCS NIGHT** CIRCLE MEETS

The Night Circle of the Wo mans Society of Christian Service met Tuesday in Methodist Fellow ship Hall.

The birthday of a king in scripture and music was presented by Mrs. Billy McLain, Mrs. Cliff Rogers and Mrs. William Richards. Mrs. McLain and Cliff Rogers, accompanied on the plane by Mrs. William Whitfield, rendered number of solos.

Following the business session Christmas gifts were exchanged and refreshments served by Mes dames Richards and Edwin Lar-

rate is high in Mississippi.

### STUDY PREVENTION METHODS FOR MENTALLY RETARDED

The extent to which mental retardation can be prevented is under study in Mississippi today by a special task group activated the inter-agency Mississippi Mental Retardation Planning Coun-

The group will study pre-natal care, post-natal care, the premature birth problem, and the various maternal and child health services now in existence in the state.

All these subjects have one thing in common, in that they are all areas in which known measures can be taken to prevent retarda-

Dr. Margaret Batson, Department of Pediatrics, University of Mississippi Medical Center, Jackson, has been designated chairman of the special study group, one of six established by the Planning

The other groups are studying residential and community services, education and training, public information and the law, manpower needs, and biometrics and research, all as related to mental retardation needs.

Travis McCharen, director of the Division of Vocational Rehabilitation, State Department of Education, is chairman of the Planning Council, The council is an interagency group including members from all state agencies, volun'eer associations and other organiza- education specialist, speech therations with an interest in mental re- pist, audiologist, nurse and, as

Emphasis is being put upon the throat specialist, opthalmologist, study of prematurity, said Dr. orthopedist and oral surgeon.

### NEW THEFT CHE LONG DISTANCE ROUTE IN SERVICE

A new Jacksonville, Florida-

sippi and Texas, is a project of Long Distance Department of the American Telephone and Telegraph Company and the work was performed by that company;

channel through which the Bell System, including Southern Bell, will serve the growing communications needs in Mississippi and the and because both the premature South," Dabney said. Approximate birth ra e and the infant mortality 12 \$2,3000,000 was spent in Miss-

natal care," said Dr. Batson, "are partment. Five microwave towers were likely to give birth to premature babies as are women who receive the route. The new towers are adequate pre-natal care. And very equipped with the latest type Cornucopia antennas at the top which "direct" the signals to the next tally retarded than are children of normal births. In the United States

terested in planning for direct The project is a part of the clinical services to the mentally coordinated activities of Southern retarded and to their families. complete diagnostic and evalua-ion services are not available to and Western Electric Company, the manufacturing unit of the Bell most Mississippi Yamilies at this System which manufactured most time, said Dr. Batson. "This means," she said, "that many of the equipment used in the new mentally retarded children are not route. Long Lines is the Bell Sysdiagnosed early, as a result, com- tem unit responsible for the interprehensive plans for care, training state communications facilities. or management are delayed, and
